

by Barbara Barr
SaddleBrooke

Members and guests of the SaddleBrooke Genealogy Club were treated to a “Sneak Peak” of the new 2017 version of the Family Tree Maker program at the June 1st meeting. Gloria Quigg, the Education/Research chair of the club, shared the soon-to-be-released version of the geneology software. As a Beta Tester for Framily Tree Maker, Gloria has had first hand experience with using and tweaking the latest software.

Gloria Quigg also shared her expertize on the latest version of Family Tree Maker at the June 14th meeting at SaddleBrooke Ranch. Members from both SaddleBrook and the Ranch had a sneak peak at the soon-to-be-released program.

Vice President, Patty Burke, is planning programs for the club for the upcoming year. She requested input from members as to programing. If members have suggestions or requests, they should contact Patty.

Our next meeting is scheduled for August 6th at 1:00 in the Coyote Room at HOA1 Clubhouse. Patty Burke will be speaking on British Home Children. If you know anything about the Orphan Train, you will be in for a treat as we learn more about what happened in Great Brittan. All SaddleBrooke residents, SaddleBrooke Ranch residents, and visitors are welcome.

PLEASE NOTE: There will be no July meeting. Our next meeting is August 6th.
