

## **Family Tree Maker**

Family Tree Maker is now available again for purchase. At this time you can buy the product from <http://www.mackiev.com/ftm/index.html>. In the green Family Tree Maker box, click on the Software Mackiev logo, click United States, and click Family Tree Maker. Then pick the product you desire. Current price has gone up to \$69.95 for PC Users (same price for Mac). In the future, the product will be available at Amazon.com.

For people who currently have FTM 2014, MacKiev will provide a free upgrade to 2014.1. In the MacKiev home page, click on their Mailing List and sign up.

If you have an older version (older than 2014) you can get an upgrade for \$29.95 versus \$69.95. Sign up on their mailing list.

I encourage you to read the FAQ on their home page for more information.
