

SADDLEBROOKE GENEALOGY CLUB
BOARD MEETING
October 29, 2020

ZOOM meeting

In attendance: Jeri Taylor, Cynthia Karcher

Since there was no quorum, Jeri and Cynthia discussed a number of subjects concerning the club. Jeri has paid for a ZOOM professional membership (one year) to host SBGC, allowing unlimited time for our meetings.

For next week's program, Jeri has selected an Ancestry Academy program: "DNA Results: The Science Behind the Scenes".

Following the video, we will "Share our Stories". Members will be encouraged to share what is special to them about their research, what they have learned, and what surprises they have encountered. We can all learn from each other. It is recommended that each member have about five minutes for their presentation.

Notice of next week's ZOOM meeting will be sent to our members this weekend.
