

SaddleBrooke Genealogy Club Board
Minutes of Meeting on January 3, 2019

Carol Tibor opened the meeting with a discussion of the club's website.

Where the speakers' handouts should be stored was discussed. Currently they are available on the part of the club website that is accessible to anyone. Having them so readily accessible reduces the incentive to join the club and pay dues. It was decided that Kathy Plum will move the speakers' handouts to the Members Only area.

The password for the club website was the next topic. Kathy Plum will institute the use of the new password after the November meeting. Anyone who has not paid their dues by then will not have access to the website.

Gloria Quigg plans to do another seminar this spring. This will include workshops and lunch. It will be held at HOA 2. SaddleBrooke Ranch will be invited to attend.

Plans for the April luncheon were discussed. Members will be invited to tell genealogy-related stories. They will be asked to keep each story to no more than 5 minutes. Hod offered to be the master of ceremonies and give an introduction. This part of the luncheon program will take place after lunch. We should limit the number of story tellers to 6. We should have a back up for Hod.

Respectfully submitted,

Christine Nelson
