

SADDLEBROOKE GENEALOGY CLUB
January 7, 2021

Jeri Taylor presided. She called attention to a webinar entitled "Genealogy Unplugged: Where Off-line Records are the Best", which is free for six more days.

Rondie Yancey suggested Cyndi Ingle's webinar "Nurturing Your Family Trees" for our February 4th meeting. As a club we can only watch the free webinars.

We can be interactive each month, as we have done the last few meetings.

Jeri explained what her Family Tree Maker interest group might be like. It will be interactive and the content will be determined by those attending.

Respectfully submitted,
Cynthia Karcher, Secretary
