

SADDLEBROOKE GENEALOGY CLUB

March 4, 2021

ZOOM Meeting

President Jeri Taylor presided, and opened the meeting with a quote from Dennis Neuenschwander. We must be the link that builds the bridge of love and respect between generations.

She welcomed members, and shared that member-at-large Jan Cahill was not able to attend because she fell and broke her wrist.

Minutes of the February 4 meeting were read and approved.

Treasurer Rick Morrison reported that the balance on February 1 was \$2,952.55. Deposits of \$90.00 (dues), and expenditures of \$23.99 (website) during the month leave a balance of \$3,018.56 on February 28. He has sent financial records from the last six months of 2020 to the Audit Committee. We are reminded that bills submitted must also include receipts.

Rick sent 25 emails to those who have not paid dues in the last two years. Results: six people paid dues; some responded that they have moved or are no longer interested.

Webmaster Rich Webber reported that the website is functioning. Further updating needs to be done.

Jeri Taylor's FTM SIG continues on ZOOM March 18 at 1 p.m. Problem solving sessions are held the second Wednesday of the month at 10 a.m. Contact Jeri at taylorjeri@aol.com if you are interested. Rondie Yancey will offer her Beginning Genealogy SIG at a later date.

Rondie Yancey made a motion to accept the amended bylaws as posted on the website. Seconded and approved.

Jeri went through the syllabus of the webinar: "What Are The Odds: An Online Tool That Can Help Solve DNA Puzzles". The consensus was that the content was overwhelming. The Roots Tech Conference was also discussed, and some members found it helpful. Jeri suggested "Family Search and Family Tree Maker: The Road Ahead", which explains a future upgrade.

Roots Tech Conference content will be on line for a year through [Familysearch.org](https://www.familysearch.org).

Respectfully submitted,
Cynthia Karcher, Recording Secretary
